I'll be there for sure with a brand new brown primered hood from the parts car. Numbers are low right now, with only 12 racers registered and only 5 DE1 registrations, so if you are coming, get signed up!

Hey Jim,

It's still lookin pretty good in the middle east for the motorsports industry, so I might spend some time in AZ were it is cooler than here and come back in a few months. But ya neva know, I just hope I can make Nationals, so you see, I do have my priorities in order. Sorry I won't see you at east track, It is one of my favorite tracks, especially since my windshield already has so many cracks in it that it messes my hair up! Have fun at the beach.

Steve, lookin forward to seein you and thanks for the heads up to get signed up. Brown hood? Was the old hood the last part of the original car?
