

Buttonwillow Nov.6/7

I am thinking about going and it would really sway me in that direction if some of you guys can go. I have always heard it's a 944 track, so I have to see it, so far it looks like Jim Foxx, Charley Buzzetti, Tim Comeau, Tyler and I'm sure lots more of the SoCal guys.

Let me know if you can make it.

Thanks

We have a race at sears point same weekend, and the championship points battle is closer than ever. It sucks that the northern and southern CA schedules match so exactly.

Rick,

That is too bad, I was hoping maybe some of you NorCal guys could come down as well. Congrats on your win and breaking your old track record.

Be safe, have fun and good luck!

Rick - I think you and Steve should go down to Buttonwillow and give Charlie a real send off.
