"I have a pair of Bilstein front racing struts with Weltmeister 250# coil springs for a 944 Porsche. These are the Spec legal units sold by Paragon Suspensions. These have 2 track sessions and 60 street miles on them. Like new.

Cost new \$408will sell for \$165.00"

Probably not a great 944 Spec race suspension but would be a very nice upgrade for any street/autox 944.
