

Laguna Seca for only \$250....Anyone interested?

Posted by Litespeeds - 13 Oct 2009 08:50

www.extpictures.com/ontheedge_Laguna.php

If we get a group of 5 or more people, we can go to this event for only \$250 which includes water, snacks and lunch. Also you will get an 8x10 photo for free. Please let me know if anyone is interested so we can try and get a group together.

The date is Weds. Dec. 16th, 2009.

I may be interested. I've always wanted to drive that track.

If you get 3 others...I can be convinced be the 5th.

Would my exhaust be too loud if I did my muffler work beforehand? Is Ken's car too loud for Laguna Seca?

It would be a great place to try out my car after the torsion bar replacement.

I'm looking at this for a December day--

home.onemain.com/~bonster/schedule.html

December 11 is only \$160. I'm going up there Friday with the same organization and will let you know what it's like. (Tim did Laguna with then a couple of years ago)

Jeremy,

Ken's car is too loud for Laguna. You will need to get an adaptor pipe to bolt onto your tail pipe and point it at the direction away from the sound meter tower.

Jerry,

As for Team Racing at T-Hill with Bonnie's group for only \$160, that is a good deal and usually covers lunch and drinks. But how can you say no to Laguna Seca for only \$90 more and also comes with lunch, snacks, drinks and a free 8x10 photo?

I haven't installed the new louder exhaust yet. I will wait until after Laguna. I hope to have my torsion bars done by then.

Sid - Are you going to be driving the Fish out of Water/Wall-e car at the LeMons next month?

Do we have 5 cars for this event? I'm into it. Who else is in?
