

Parking for Infineon

Where are we pitting this weekend? With the PRC?

PCA has the track rented Friday and asks that we only park in the North paddock if coming in Friday (like me). This might create some hassles if we are pitting with PRC in the South paddock.

Hi Steve,

Masuo is telling me to have our guys park by the south garages (where we usually park).

I would guess the PCA-GGR guys would be out by 4-5'ish

I dropping off my car late friday afternoon.
