Thanks to everyone in the group who helped Jim and I with the enduro. You guys are the best.

I posted my Sunday video of Tom punting me in Riverside. youtu.be/qUWX6S_jOD8

Fun weekend, I hope everyone can make it to Sonoma.

Eric, I reviewed my video after the event and the conclusions I came to regarding my errors were very similar to the comments you made on the situation. That said I appreciate the evaluation of the video and the posting. It can be useful to others to see the mistake I made and learn from it along with someone from the outside making an unbiased evaluation.

Missing you at nationals.
