Okay, so only a short time until we're racing again at Buttonwillow. Who's in?

Had a great weekend at Buttonwillow!! So nice to finally get on track. Obviously I would have loved to watch the race, but we were constantly tinkering with the setup of the car, as it was our first real shakedown of the car. Once again, the 944 spec family was in full effect, with good part exchanges and lots of great advice. The car is now getting a cage, and then the real baseline setup work will begin. Thanks for a great weekend, without many of you, it wouldn't be possible!

Sorry we didn't get to meet. I kept meaning to come over and introduce myself but kept getting distracted. Happens a lot...

Looking forward to meeting you at the next event.
