

Buttonwillow in June

Well, since NorCal won't let me sign up for just one day of HPDE 3 (has to be Sat & Sun), I'm thinking about ditching Infineon and trying out SoCal NASA HPDE that weekend. I've done BW a few times with other clubs, always had a good time there.

Any other 944 guys going to be there?

Absolutely!!!

We should have 10-12 in our race group and possibly 2-3 944s in HPDE3.

There's also a 3 hour enduro on Saturday night which will have at least one 944 entered in E3.

Come on down!

Gary, I plan on being there for the weekend. I am going to try to get down for Friday practice (assuming that the track has one). I hope you do come out. It will be GREAT to see you again.

Guys, Gary and his son rescued the gold 13 car from Denny's parking lot in Nor. Cal. for me and is a great addition to our group. We need to get him into the race group.
