

Spec 944 for sale - Dallas, TX

Posted by cassell90 - 14 Jul 2016 07:51

All,

I am putting my 944 up for sale. I bought it a few years ago from the Rocky Mountain region and moved it to Texas! I'm just running out of time to give it the racing days it deserves! I'm selling it with 18 wheels, an unused set of rain tires, race ramps, and brand new hawk brake pads - as well as a bunch of other goodies. Looking for \$8K

Car is located in Dallas, TX.

-Stephen

1987 Porsche 944 race-prepped car for sale. The engine is an '88 high compression model with a short 5th gear. The car was developed and competed in Rocky Mountain Region for NASA. The car includes many spare parts, 18 wheels, a new set of Toyo rain tires, and Hawk brake pads new in box. Also included is a set of Race Ramps and a flat tow setup with spare bumper and tow bar. The body work is a little rough, but the car runs like a dream!

Car is located in Dallas, TX

Key Stats:

- 87 motor with 88 pistons (Dirks motor) built 03/2010
- 88 DME
- External oil cooler
- Fan for external oil cooler wired to switch
- Short 5th transmission with factory LSD
- CV joints with ARP fasteners – prevent CV bolts from backing out
- Front Ground Control coil over kit

944-SPEC - 944SPEC - low cost wheel to wheel racing

Generated: 26 June, 2026, 09:47

- Front Ground Control 8" 350lbs springs
- Koni Yellows on all 4 corners
- Ground Control sway bars front and rear
- Ground Control chamber plates front – 03/2010
- Brey-Krause Strut Tower Brace – 03/2010
- Steel braided brake lines on all 4 corners
- Hanksville cage with NASCAR door bars on drivers side and double bars on passenger side
- Schrott 6 point harness
- New this year - Sparco ADP seat with head restraint
- Fire Extinguisher
- Removable Sparco steering wheel
- Aluminum sunroof panel
- Fan for windshield defog
- Switch plus control light for external oil cooler fan, wipers, defog
- Oil temperature gauge
- Antenna wired for 2-way radio

Spare Parts:

- New in box Hawk brake pads for all 4 corners
- Total of 18 late offset phone dial rims with tires
- 87 DME (spare)
- 4 original, perfectly working fuel injectors (spare)
- Radiator (spare)
- Ground Control 10" 350lbs springs (spare)
- AFM (spare)
- J-boot (spare)

- Fuel pump (spare)
