

WTB: left front 944 fender

Posted by topley - 15 Jul 2013 21:58

Doesn't need to be perfect, just better than the one I have (that hit a spec piñata back in 06 or 07...) drivers side 85.5 and hopefully close to so cal as I'd imagine shipping on an item like this would be cost prohibitive...

thanks'

jay

(BTW I tried to post this a few hours ago and have not seen it so sorry if a duplicate shows up.)
