

Hanksville Cages for Delivery @ Miller

Posted by Hanksville Hot Rods - 28 Aug 2013 06:17

Hi, everyone. If you've been thinking of purchasing a Hanksville Hot Rods cage for an off-season build, and you or a friend will be at Miller, I have one cage already built, ready to box and take to the National Championships. I also have two more cages pre-bent and ready to notch and test-fit that can also be ready for delivery to Miller. If you've been thinking of getting one of our cages for your next race car, this is a great opportunity to save on shipping!

These ready-to-weld cages are pre-bent, pre-notched and test-fitted inside an actual 944 car to ensure that they fit close-to/touching the interior roof sheetmetal. They are also customizable, so you can add optional bars or change bar design if you'd like.

See more at www.944cage.com

As always, feel free to email or call if you have any questions. Thanks for your support - we recently shipped our **86th 924/944 cage**, thanks to all of you Spec racers spreading the word!

Hank
