Selling our track-day bed and breakfast. Truck and camper combo-platter, here's the craigslist ad, located in Prescott, AZ. Fly in, drive it home, been using it at NASA events, PCA, and others in and around Phoenix. Very reliable setup, we drive it twice a year, fully loaded, from WI to AZ, 75mph down the highway. Nice to have your own bathroom at the track. And, cold beer! Email me at
