

88 high compression pistons

Posted by tcomeau - 01 Mar 2017 14:24

Got another set in. These are really nice. No valve kisses in the valve pockets, sides look great. Very clean set with what looks like very little wear. Late Rods included, or I can remove them. Tolerance group 1. \$350/set + shipping. Also have early forged rods available for \$140/set + shipping. 619.994.0919

Thanks.
