

Hallett Summer Shootout

Posted by Al Fernandez - 05 May 2011 10:47

Well we couldnt convince the RMR guys to come down to TWS last weekend so we're calling out anyone, RMR or otherwise, this time for the Hallett Summer Shootout June 11-12. This is THE event of the year outside of the Championships. The course is short, tight, twisty, and hilly. There is absolutely nothing anywhere near the track so camping on site and partying away untill wee hours of the morning is required. Due to lack of DE sessions the amount of track time is unreal! Last year the AI/CMC crew set up a four race Championships style shootout (grid for the big show set based on points accumulated over the weekend) and it was tremendous with just over two hours of green flag time.

The schedule is work in progress, and it'll be based on attendance, so sign up early. Remember NASA will give you your money back if you end up not being able to go.

I'm in!

Hoping to see a bunch of Texas & RM guys there!

I'm bringing the car. Save those rentals to make the field even bigger!

BJ, I don't think so, but I'll run it by Ray again.
