944-SPEC - 944SPEC - low cost wheel to wheel racing

Generated: 9 November, 2025, 22:00 Rain tires Posted by rd7839 - 01 Sep 2013 13:25 Anybody bringing rain tires? Thursday says 30 percent chance of rain. I checked with a friend who lives in Tooele and he just laughed! He said don't be surprised if it snowed and then hit 100 degrees! Now I don't want to bring them for a few reason. One, I don't like racing in the rain. Two, my wets are 6 year old ra1's that are questionable. C, I'm pushing the limit on weight/space with my truck and trailer, and lastly, when I bring them it always rains and I don't want to tempt the weather gods! Re: Rain tires Posted by JerryW - 01 Sep 2013 13:53 I tossed a coin and decided to leave my wets behind. Not to say I won't throw them in the bed in the last mins. Re: Rain tires Posted by Sterling Doc - 03 Sep 2013 21:42

I don't have mine (though I would have used them today!)
