You guys overcame a lot of adversity to prevail this year - congratulations to Charlie on his repeat championship, and podium appearaces by Jim Foxx, and Dan Pina.

In all of the drama surrounding the dynos, and wreck, lets not forget the fine racing that was done this weekend!

Thank you Eric, Foxx and I had an incredible battle for the lead. Unfortunately my camera did not function, I hope Jims did.

I know after the race our only concern was for Steve and Javier.

Once we found out they were OK the world was right again.

Thanks Eric! Lots of good racing! Wish I was more of a threat to Charlie and Jim- maybe next year!

I never counted you out Dan. You showed lots of speed as the weekend went on.

Foxx and I were lucky to make an early break away while you guys were battling for position.
