

944Spec Western Champ hails from AZ Region

Posted by norman#99 - 19 Oct 2016 05:47

Congratulations go to JP Molnar and his wife Shari for a well deserved win. I personally know all that JP went through to get his car ready as well as what great driver he is which is the winning combo for a win at that level!

Next years Championship race will be at Thunderhill, so maybe we can get a good turn out for a class track that not many of us have driven.

Enjoy the crown this year buddy,

You made us proud!!!

PS

This post was meant to be in the AZ regions space...can't seem to change it now. Happy Racing everybody!!!

Congratulations JP great job. I could beat you Friday but on Sunday you drove a great race. While I know it was a little lonely out front Chuck, John , Marcelo and myself stayed close and friendly. Nice birthday present. Hope to see you at some events next year.

Thanks, buddy. You were definitely flying out there, and overall it was a great weekend. All of us kept each other on our toes. The best part of our racing is the group, and we definitely made it a great show for the fans every day. Congrats on the 3rd place finish too. Looking forward to next year, and hopefully we can get some more drivers in our group out of their garages and at the track with us!

Nice picture of you, handsome!

Again, congrats on either title that applies, West Coast Champ or National Champ??? It's all good:)
