

Nationals Group Paddock

Posted by Sterling Doc - 13 Jun 2011 19:08

Guys, I have secured a group of spots for us all in the desirable middle paddock at Mid Ohio

Mid Ohio Middle Paddock. We are in the shaded reserved area, spots B+C 5-12.

Nationals has given us a discounted rate of \$75 per 10x40 spot. This is 25% off of the regular price, for 944 Spec. Bennington Motorsports will be setting up there for trackside support, and we are next to Toyo as well. I have these all on my own credit card at the moment. If you would like a spot, let me know, and I will put you down. We have 16 spots available total, as of now. The map of the paddock is here:

www.nasaproring.com/nationals/MO_Middl...ddockv-publishV7.pdf As of now (7/11/11), we are full in our current location in the middle paddock. If we move trailers out, some spots could be shared.
