

Group buys for '09

Posted by Sterling Doc - 21 Jan 2009 02:02

Would like to put together some deals. Jay Andrew is offering 20% for orders of 4 pads or more. We'll have no problem meeting the min., but I will have to buy these, and need a firm commitment. I will get final pricing ASAP, but I'm sure they will be more than competitive at this discount. Let me know what you need by the end of the month, sooner if possible. Most of us use Hawk Blues, with DTC 70/60 combo (F/R) being slightly nicer, but more money.

Also looking into a group buy on R-888's. Pricing depends on how many people, but should be a sig discount. Ray has an offer of around \$147 per tire that we can use. If Phil can get close, I'd like to Patronize him, as he does trackside support, but he is going to want a firm # as well. If we go with Phil I will ask that he stock our size of R-888 for us at MW events.

Finally, any interest in going to Mid-O April 10-12th with NASA Great Lakes? Would be a nice pre-season tune up, and the North East & Canada 944 Spec Racers have been asking if we can help support their cause by showing up to an event they can get to, making for a big splash. Besides, it's a great track we won't otherwise get to (all other Mid-O dates are only one week apart from MW events).

OK guys, here's the low down. All prices are delivered to the first event (or later events if you need). If you want yours shipped separately, it would be at your expense.

These are for a minumum of 5 sets of tires, and 10 sets of brakes. We will make this no problem (I will buy extras if needed to make that #), so these prices are solid.

I would like to close out this deal with in **two weeks**, so we don't leave vendors hanging!

Post up here, or email me when you've made your order, so we can keep track of when we've reach the minimum order

Brakes are through Andrew Racing <http://www.Andrew-Racing.com/>, and represent a 25% off retail. Do not expect to him to match this price for an individual set later in the year, so get yourself set up.

944-SPEC - 944SPEC - low cost wheel to wheel racing

Generated: 30 January, 2026, 13:14

Prices (at 25% discount):

Hawk Blues Front \$114

Hawk Blues Rear \$110

DTC-70 (front only) \$142

DTC-60 (rear only) \$126

HP+ Front (street/HPDE compound) \$96

HP+ Rear (street/HPDE compound) \$\$83

HPS Front (street Compound) \$83

HPS Rear (street Compound) \$67

Tires will be through Frisby Tire (located at Blackhawk Farms Raceway - so they can mount them at the track if you like) <http://www.frisbyracetire.com/> Ask for Eric. Phil's Tire will unfortunately not be attending Midwest events (except crossover events with Great Lakes) this next year, and shipping made his otherwise competitive bid cost prohibitive. Ray & I will pick up tires from Frisby to bring them to the first event at Road America. If you want them sooner, you'll have to ship them at your cost. Eric at Frisby tire also indicated that he will be able to cash & bank Toyo Bucks for us. While shaving will be available at \$15 per tire, I would encourage you guys to not shave the R-888's. Especially at a regional level, there is not enough difference with the new tire to make it worth the cost & loss of tire life. For Nationals, well, you decide.

\$148.50 per tire

To make the purchase, contact Jay (pads), or Eric (tires) and tell them you are part of the NASA 944 Spec group buy.

I included street pads in the deal for nuts like Ray & I who have street 944's as well - it's a great deal on those, too!

Guys, I need you to call in to place your tire & brake orders for the group buy ASAP. You can either have me pick them up & and bring them to the track, or have them shipped to you, but I need you guy to order directly - that way you can use credit cards if you like.

OK, Angel & I have placed our orders, Ray is in as well.

We need at least two more people to make this work. get those orders in!

Tires will be through Frisby Tire (located at Blackhawk Farms Raceway - so they can mount them at the track if you like) <http://www.frisbyracetire.com/> Ask for Eric. \$148.50 per tire, unshaved.

Angel, Ray, & I are in for brakes, making for 4.5 sets between us - need several more to make the 10 sets.

Brakes are through Andrew Racing <http://www.Andrew-Racing.com/> , and represent a 25% off retail. Do not expect to him to match this price for an individual set later in the year, so get yourself set up.

Prices (at 25% discount):

Hawk Blues Front \$114

Hawk Blues Rear \$110

DTC-70 (front only) \$142

DTC-60 (rear only) \$126

HP+ Front (street/HPDE compound) \$96

HP+ Rear (street/HPDE compound) \$\$83

HPS Front (street Compound) \$83

HPS Rear (street Compound) \$67

I've ordered the pads from Jay, and have just been trading voicemails with Frisby but will likely have my set bought by end of day today.

Cool. Rob, do you want us to deliver them to Road America, or do you want them shipped? Happy to pick them up with ours.

Billy Newport emailed me today that he will be getting a set (and some Hankooks for SCCA), so as soon as that order is in, we will have our 5 sets of tires.

For brakes, Ray, Anhil & I have purchased 4 sets, Rob purchased one, but we still have several to go to meet our 10.

Joel, and a few others indicatred interest - just need to get those orders in!

I left a message at Andrews racing with my name and number for a set of DTC70/60 and possibly a set for street pads for my XC70.

I referenced you eric and the group buy. thanks for the hook up.
