

Congrats to Jason Stanley!

Posted by cbuzzetti - 27 Sep 2016 17:33

Looks like a very solid drive by Jason takes the East Championship and a new track record.

Congrats to all finishers and to Steve Brewster and Shanon McCue for finishing on the podium and only finished less than a second apart at the end.

Thanks! It was a fun week end but a lot of cars were killed including one of ours. I think SE30 lost at least 7 cars over the course of the week end. Almost every on track session was cut short due to track repairs/cleanup.

Still super bummed that our National Director ended his event on the third lap of the week end and could race. We had a good race at VIR last year and I was hoping for a repeat again this year, but maybe in a different order!

Here are some of my videos so far from the week end.
