944-SPEC - 944SPEC - low cost wheel to wheel racing

thanks

I am woundering if there are guys in the area that I could get in contact with. I have been looking into the NASA 944spec series for the past year or so. I just bought myself an 1986 944 about a month ago. I am excited about getting going. you can email me at This e-mail address is being protected from spambots. You need JavaScript enabled to view it
