Is there intended any discussion of possible changes for the coming year (2011)?

The intent is to keep the rules revised last year frozen for 3 years. Stability is a good thing! I know of no pending rules changes being discussed among the series directors.

Thank you. Thought something like that was the case; just could not find a definitive statement. Getting into the details of planning the new build and that got me wondering.

&quot;NO NEW RULES&quot; the 3 year freeze is good for all of us.

We addressed lots of issues last year and that seems to be working out well.

I don't believe we are in form rules freeze. Even so I don't expect any major changes. We might allow some detail changes, but as always if you think a change is good you need to demonstrate why. Else we will say no changes.
