

Events in the Southeast?

Posted by Lucid Moments - 19 Jul 2016 17:27

I finally have my car pretty much ready to DE at least, and really only need window nets and some stickers to race it. Now I am looking for events. I know about the Just Track It and NASA Mid-South events both on the last weekend of July but much to my frustration I have other obligations that weekend. I also see the PCA event at RA 08/13-08/14. I have never run with them before but am thinking about it.

Does anyone know of any other events not too far away from the Atlanta area happening soon?

Here are a few we'd love to have you join us at:

- Atlanta Motorsports Park on August 27th
- Barber Motorsports Park weekend of September 24-25
- Road Atlanta October 7

Come on out and have a good time with us. Our website is JustTrackIt.net . Let us know which events you want to come to and you'll get an absolute pile of track time shaking out your car!
