

Just for giggles

Posted by Lucid Moments - 05 Dec 2016 13:06

Here is the last dyno for my car and why it wasn't at RA

Haven't put it up on the lift yet but looking at it at the track made me think rear main. Engine was running fine, didn't blow it up.

for one that was behind you exiting turn 12, it was quite effective smoke screen.

PS glad the motor is OK
