Suggestions/thoughts for the event? Posted by Sterling Doc - 31 May 2015 17:42
First, does any know VIR, and the paddock here?
I've never been there, so will need some input on this, or I can just do my best with the National office.
Pizza party, night out?
Any brainstorming welcome!

was actually there last week end. It is in the stix and not really conveniently close to anything. There is a go kart track on the grounds along with a nice restaurant/bar that's been setup in the original plantation house.
The parking is expected to be a massive cluster judging by initial thoughts from the Mid-A guys. Supposedly they are going to put pre-grid on the remaining unpaved portion on the hill overlooking the north paddock (not in the dedicated covered pre-grid that apparently doesn't get used). The garages are available for a sizable fee and further parking details have yet to be released. They have done a good tob painting pit spaces on the paved portion of the North Paddock so I imagine there will be a paid space section and free for all section like last year.

Re: Suggestions/thoughts for the event? Also, if we book early, there is a old time pizza / sandwich shop within minutes of the track with parking. It is called Aunt Millie's pizza and suds. I am sure someone will try to book this place soon. web site auntmilliespizza.com Phone number336-234-0240. This place is perfect for us but it is the only thing around off the track. The places on VIR property are big money. Re: Suggestions/thoughts for the event? Posted by Sterling Doc - 07 Jun 2015 14:31
